## PRE-HEALTH PROFESSIONS Suggested SMU Pre-Med Plan

This plan could vary depending on the major you choose. Consult your advisor and check the individual degree plans for suggested sequencing of courses. Subjects in *italics* will appear as content on the MCAT.

1 <sup>st</sup> Year Fa	<u>11</u>
CHEM	1303 (General Chem)
CHEM	1113 (Chem Lab)
BIOL	1401 (Intro Biology)
DISC	- (
MATH	1304/1337 <sup>A</sup>
. 1	

2 <sup>nd</sup> Year F	all
BIOL	3304 (Genetics)
CHEM	3371 (Organic Chem)
CHEM	3117 (Organic Lab)
PYSC	1300 (Psychology) <sup>B</sup>

3<sup>rd</sup> Year Fall

1st Year Spring

CHEM	1304 (General Chem)
CHEM	1114 (Chem Lab)
BIOL	1402 (Intro Biol)
DISC	1313 (Discernment)
MATH	1337 <sup>A</sup>

2<sup>nd</sup> Year Spring

BIOL	3350 (Cell Biology) <sup>C</sup>
CHEM	3372 (Organic Chem)
CHEM	3118 (Organic Lab)
STAT	2331

3<sup>rd</sup>

- A. While Calculus I (Math 1337) is required for many schools, Calculus II (Math 1338) is not generally required for admission to most medical schools.
- B. Starting in 2015 the MCAT will include content from the social sciences. While these aren't prerequisites for admission, we suggest you take these courses in preparation for the MCAT.
- C. After taking genetics there are a number of upper level Biology courses you can take to meet this requirement. Consult your advisor and your Undergraduate Catalog for details.
- D. Students may complete Phys 1303/1105 & Phys 1304/1106 instead of Phys 1307/1105 & Phys 1308/1106. Note: Math 1338 is a prerequisite (or concurrent enrollment) for Phys 1304. Students majoring in Physics or Biochemistry should plan to take Organic Chemistry, Genetics and Physics in the sophomore year.
- E. Although three hours of Biochemistry are recommended (and by some schools, required) it is strongly recommended you also enroll in BIOL 5311 for additional MCAT preparation.

I. Pre-
